

# Commitment to Success

## *Indiana GIS Initiative*

We, the undersigned individuals, agencies, organizations, institutions, and businesses support the following:

**To promote statewide acquisition, coordination, and use of geographical information systems.**

### *Objectives:*

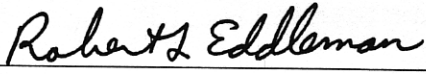

*Increase public awareness of the benefits and limitations of GIS.  
Increase local access to existing GIS data sets.  
Increase public access to information about GIS.  
Support shared funding of GIS initiatives.  
Support GIS standards and GIS data exchange.  
Through collaboration, create GIS guidelines for the state.  
Educate legislators on the benefits and limitations of GIS.  
Promote funding of established state GIS coordinator department to act as an information clearinghouse and to provide community outreach and technical assistance.*
